RICS APC Candidate - Quantity Surveying Pathway (in progress)

Education Sungkyunkwan University - B.A. Business Administration, 2004

PROFESSIONAL SUMMARY

Results-driven Project Manager and Contract Administrator with 20+ years of hands-on experience across APAC construction, EPC, and infrastructure projects in Malaysia, Indonesia, Cambodia, Thailand, Singapore and Vietnam. Specialised in end-to-end contract management (FIDIC/PAM), QS cost engineering (Cost X/Excel), project scheduling (Primavera P6/EVM), subcontractor management, and regulatory approvals covering commencement, fire authority (JBPM), and project completion (CPC). Proven track record as client/employer representative managing BOQ preparation, progress claims (IPC), variation orders (VO), third-party QS liaison, and final account settlement. Strong government liaison network across customs, investment authorities, local councils, fire departments and utility bodies. Actively pursuing RICS APC - Quantity Surveying Pathway to formalise QS competencies.

CORE COMPETENCIES

Project Controls

Project Scheduling (Primavera P6) | WBS/OBS Setup & Cost Loading | EVM (BCWS/BCWP/ACWP/CPI/SPI) | Risk Register & Mitigation | MS Project | Power BI Reporting

Contract & QS

BOQ Preparation & Tender Management | FIDIC/PAM Contract Administration
Progress Claims (IPC) & Certification | Variation Orders (VO) & Final Account
Subcontractor Contract & Management | Third-Party QS Review & Liaison

Permits & Liaison

Commencement Permit | Fire Authority (JBPM) Approval | CCC/CPC - Project Completion | CIDB/SIRIM/NPRA Certification | Customs | Investment Authority | Local Council | Police/TNB Permit - Heavy Cargo

Tools: Primavera P6 | MS Project | Power BI | AutoCAD | SAP S/4HANA | Google Workspace | RIB CostX, MS Excel (BOQ/Cost Control)

Languages: English (OPIc AL) | Malay/Indonesian | Thai | Khmer | Korean

WORK EXPERIENCE

DAE GUK M SDN. BHD. | Project & Administration Manager | Mar 2024 – May 2026

East Malaysia, Sarawak | OCI TerraSus Chemical Plant Project

Contract Administration & QS (Client Side)

- Prepared BOQ and cost estimates for civil, architectural, MEP and HVAC packages
 - Administered contracts based on FIDIC/PAM conditions as employer's representative
 - Reviewed and certified monthly Interim Payment Certificates (IPC) for all subcontractors
 - Managed variation orders (VO), evaluated contractor claims and adjusted contract sum
 - Liaised with Independent Quantity Surveyor (IQS) for progress claim verification and dispute resolution
 - Coordinated project closeout, Defects Liability Period (DLP) and final account settlement
-

- Obtained Certificate of Practical Completion (CPC) and managed handover documentation

Regulatory Approvals & Government Liaison

- Obtained commencement permit (Kebenaran Mula Kerja) from local authority - Direct liaison with Majlis Bandaraya
- Coordinated with Jabatan Bomba dan Penyelamat Malaysia (JBPM) for fire safety approval and Fire Certificate (FC)
- Reviewed fire-rated panel, door, suppression system and alarm specifications for JBPM compliance
- Processed CIDB import certification for construction materials, SIRIM for electrical equipment, NPRA for pharmaceutical items - all directly handled
- Direct liaison with customs (Kastam), investment authority (MIDA), local council and port authority for permits and compliance
- Obtained police and utility authority (TNB/Sarawak Energy) permits for heavy cargo and abnormal load transport

Project Controls & Scheduling

- Developed and maintained project master schedule using Primavera P6 (WBS/OBS setup, resource loading, cost loading)
- Monitored EVM metrics (BCWS, BCWP, ACWP, CPI, SPI) monthly; produced EAC forecast for management
- Prepared monthly project performance reports including burndown chart and cash flow analysis
- Maintained risk register; assessed probability/impact and implemented mitigation/contingency plans

Subcontractor Management

- Selected, contracted and managed subcontractors for civil, structural, MEP and HVAC packages
- Managed subcontractor progress claims, back-charges and performance KPIs
- Coordinated heavy lift and abnormal load transport with local logistics contractors and regulatory bodies

Corporate Administration

- Established DAE GUK M Sdn. Bhd. via SSM (Suruhanjaya Syarikat Malaysia) - full incorporation process handled directly
- Obtained Employment Pass for expatriate staff via Immigration Department (Jabatan Imigresen Malaysia)
- Managed company financials: P&L, budget, cash flow, tax compliance and management reporting

TAEHWA ENGINEERING | HSE Manager | Mar 2023 – Mar 2024

Malaysia, Seremban | Samsung SDI Battery Plant Construction

Regulatory Approvals & Government Liaison

- Obtained commencement permits and construction approvals from local authority (Majlis Perbandaran Seremban)
- Direct liaison with Jabatan Bomba dan Penyelamat Malaysia (JBPM) for fire safety certification
- Direct liaison with local Fire Department for site inspection, suppression approval and emergency plan sign-off
- Reviewed fire-rated panels, intumescent coatings and passive fire protection materials for JBPM compliance

Heavy Cargo & Site Operations

- Managed heavy and abnormal load transport of oversized production equipment (transformers, HVAC units) from port to site
- Obtained road transport permits from police authority; coordinated with TNB for power line clearance
- Supervised heavy lift operations with local rigging contractors for equipment installation

HSE Organisation & Client Management

- Recruited, organised and managed HSE team; established QHSE management system and site safety procedures
 - Primary safety interface with Samsung SDI: safety audits, periodic reporting and corrective action management
-

EAST WEST POWER INDONESIA - Korean EWP | Deputy Operation Manager (Owner's Representative)
EAST WEST POWER INDONESIA | Owner's Representative (Deputy Site Director) | Sep 2017 - Apr 2020
Korea East-West Power Co., Ltd. - KEPCO Subsidiary | South Kalimantan, Indonesia
Coal-Fired Power Plant EPC Project | Total Project Value: USD 900M

Served as second-in-command to the Plant Director, representing the owner (Korean state-owned power company) on all commercial, contractual and regulatory matters on a USD 900M EPC project.

Commencement & Regulatory Approvals

- Served as Deputy Operations Manager and on-site second-in-command on a USD 900M EPC project, reporting directly to the Plant Director (Executive Director) - full commercial, contractual and regulatory authority delegated on the ground
- Managed environmental impact assessment (AMDAL) approval, operating licence and grid connection permit (PLN)
- Direct liaison with Ministry of Energy (ESDM), regional government, PLN and customs/port authority
- Processed import certifications and customs duty exemption for heavy EPC equipment

Contract & Subcontractor Management

- Supervised EPC contractor performance; reviewed and certified monthly progress claims and milestone payments
- Managed variation orders and contract sum adjustments; coordinated with QS for independent cost verification
- Procured global supply chain: Korean, Chinese and Italian vendors for major equipment and materials

Heavy Cargo & Logistics

- Managed sea import logistics for heavy plant equipment (turbines, boilers, transformers)
- Coordinated abnormal load transport from port to plant site - police escort and PLN permits obtained directly
- Supervised heavy lift rigging with local contractors for turbine and boiler installation

Organisation & HR

- Recruited and organised local Indonesian power plant operating team; managed KITAS/IMTA work permit process
- Managed payroll, KPIs, performance evaluation and labour dispute resolution under Indonesian labour law

TAESUNG DEVELOPMENT CO., LTD. | Project Manager / Site Manager | Dec 2006 – May 2017

APAC - Cambodia, Malaysia, Thailand, Singapore, Vietnam

Project Management & Contract Administration

- Managed civil, marine dredging, quarry development and infrastructure projects across 5 APAC countries
- Prepared and administered subcontractor contracts; reviewed progress claims and managed variations
- Coordinated with client QS and independent consultants for cost verification and contract settlement
- Managed project schedules, cost control, risk registers and monthly performance reporting to HQ

Regulatory Approvals & Permits

- Obtained construction commencement permits, environmental approvals and completion certificates across multiple jurisdictions
- Direct liaison with local government, customs authorities and utility bodies in each APAC country
- Managed marine dredging permits (Singapore Tekong Island) and quarry development approvals (Cambodia)

Heavy Cargo & Marine Operations

- Coordinated marine dredging (Singapore), underwater salvage (Indonesia) and heavy cargo logistics across APAC
- Obtained abnormal load transport permits from police authorities; supervised heavy lift and rigging operations

Corporate & HR Management

- Established local subsidiaries in 5 countries via local company registration authorities
- Managed local hiring, expatriate work permits, payroll and labour compliance under each country's labour law
- Maintained project P&L, budget, cash flow and tax compliance in each jurisdiction

Korea International Cooperation Agency (KOICA) | Overseas Volunteer | Sep 2004 – Sep 2006

Cambodia

- Supported local administrative operations and capacity building programmes
- Foundation of APAC field experience: language, cultural competency and government liaison skills

EDUCATION & CERTIFICATIONS

Qualifications

- PMP® - Project Management Professional, PMI USA
- OPIc AL - Advanced Low English Proficiency
- RICS APC Candidate - Quantity Surveying Pathway (in progress)

Education

- Sungkyunkwan University, Seoul - B.A. Business Administration, 2004

Industry Certifications

- CFB Power Plant Operations - Level 3
- Thermal Power Plant Fundamentals (East West Power)
- Power Plant Safety Operations - Level 2
- Emergency Power Plant Maintenance

Portfolio & Supporting Documents

- Project Management Portfolio available on request
Primavera P6 schedule, Power BI dashboard, contract documents, CPC certificates, site photos
